Dear Mr. De Vany:

I am a senior citizen who lives alone in the small town of Titusville, PA. I now am fearful of driving myself farther than the local grocery store!

Venango Regional Airport is my link to my children and grandchildren. Closing this airport would be taking away my independence. I realize that in the grand scheme of things this is not very important. But it is to me and I don't know how many others.

Please take into account that those living in the Oil City-Titusville-Franklin Triangle do not have access to other public transportation.

Thank you for your time. I am praying that it will be possible to keep our airport.

Sincerely,
Damaris A. Hetrick
