UNITED STATES OF AMERICA  
DEPARTMENT OF TRANSPORTATION  
OFFICE OF THE SECRETARY  
WASHINGTON, D.C.

Issued by the Department of Transportation  
on the 25<sup>th</sup> day of October, 2007

Served: October 25, 2007

Application of

**ALITALIA LINEE AEREE ITALIANE S.p.A.**

for an exemption under 49 U.S.C. §40109 and an amended  
foreign air carrier permit under 49 U.S.C. §41301

Docket DOT-OST-2007-28728

**ORDER GRANTING EXEMPTION AND TO SHOW CAUSE**

**Summary**

By this order we (1) grant the application of the referenced foreign air carrier for an exemption under 49 U.S.C. §40109, subject to conditions;<sup>1</sup> and (2) tentatively find that it is in the public interest to grant the applicant the amended foreign air carrier permit attached as Appendix B to this order.

**Background**

By Notice dated May 3, 2007, we invited foreign air carriers of the European Union (EU) to apply for Department economic authority to conduct operations to and from the United States under the recently-signed U.S.-EU Air Transport Agreement. In that Notice, we stated that we anticipated handling these EU carrier requests on an expedited basis to ensure that affected EU carriers may receive the authority available to them under the new Agreement as quickly as possible. To that end, we stated our intent to process requests for this authority under the “streamlining” procedures set out in our August 23, 2005 Notice in Docket DOT-OST-2005-22228, in which we announced several steps designed to simplify our regulatory procedures for licensing foreign (and U.S.) air carriers. Our action in this Order serves to implement those streamlined regulatory procedures for the application involved in this proceeding.

<sup>1</sup> The conditions are attached as Appendix A.

## Application

By application filed July 10, 2007, as supplemented, Alitalia Linee Aeree Italiane S.p.A. (Alitalia), a foreign air carrier of Italy, requests an exemption under 49 U.S.C. §40109, and an amended foreign air carrier permit under 49 U.S.C. §41301,<sup>2</sup> to engage in:

- a. foreign scheduled and charter air transportation of persons, property and mail from any point or points behind any Member State of the European Union, via any point or points in any Member State and via intermediate points to any point or points in the United States and beyond;
- b. foreign scheduled and charter air transportation of persons, property and mail between any point or points in the United States and any point or points in any member of the European Common Aviation Area;
- c. foreign scheduled and charter cargo air transportation between any point or points in the United States and any point or points;
- d. other charters pursuant to the prior approval requirements set forth in 14 CFR Part 212 of the Department's regulations; and
- e. transportation authorized by any additional route rights made available to European Union carriers in the future.

The applicant requests that the exemption authority it seeks be granted for a term of two years. The applicant provided evidentiary materials required by 14 CFR Part 211 of our regulations to support its requests for authority.

No answers were filed to the application.

## Decision

We have decided, consistent with our August 23, 2005 Notice referenced above, to grant the applicant's request for exemption authority, as described below and subject to conditions, and tentatively to grant, subject to show-cause procedures, its request for an amended foreign air carrier permit, also subject to conditions.

Specifically, we will grant Alitalia exemption authority to the extent necessary to permit it (1) immediately to accept payments, issue tickets, and enter into charter contracts, and (2) effective March 30, 2008 (the date for provisional application of the U.S.-EU Agreement), to commence flight operations, for the services set forth in ordering paragraph 1 below.<sup>3</sup> We will

---

<sup>2</sup> Alitalia's current foreign air carrier permit was issued August 11, 2003, by Order 2003-9-28, in Docket DOT-OST-2003-15423.

<sup>3</sup> Our action allowing Alitalia to accept payments, issue tickets, and enter into charter contracts now, in anticipation of the effective date of the U.S.-EU Agreement, will place the carrier on an equal footing with U.S. carriers holding blanket Open Skies authority, which we have allowed to accept payments and issue tickets for services to points in the European Union. *See* Notice dated May 1, 2007, "In the Matter of Blanket Open-Skies Certificate Authority." *See* also Order 2007-6-19, where we granted this authority to British Airways Plc.

tentatively grant Alitalia a foreign air carrier permit for these services, to be effective March 30, 2008.

As an additional matter, Alitalia has requested that we grant it, in addition to authority currently contained in the U.S.-EU Agreement, authority to conduct transportation authorized by any additional route rights made available to European Union carriers in the future. We are granting Alitalia's request for this authority by exemption (and tentatively granting it by foreign air carrier permit). We are, however, requiring Alitalia, before it commences any new service under this authority, to provide us with evidence that it holds a homeland license for that new service, unless it has already provided such evidence.<sup>4</sup>

With respect to the applicant's request for exemption authority, we find that grant of this authority, as conditioned, is consistent with the public interest. We also find that the applicant is financially and operationally qualified to perform the services authorized, and that it is substantially owned and effectively controlled by citizens of the Member States of the European Union, consistent with the provisions of the U.S.-EU Agreement.<sup>5</sup> We also find that the authority sought by the applicant is encompassed by the U.S.-EU Air Transport Agreement, for flight operations commencing March 30, 2008.

Further, we note that the applicant is properly licensed by its homeland to perform the proposed services. In addition, by memorandum dated July 26, 2007, the Federal Aviation Administration advised us that it knew of no reason why we should act unfavorably on the applicant's requests. We have verified the applicant's compliance with 14 CFR Parts 203 (Warsaw liability waiver), and 205 (insurance requirements).

In view of the above, we find that grant of the requested exemption authority, as conditioned, for a two-year term, or until the requested permit authority becomes effective, whichever occurs earlier, is warranted.

### **Tentative Findings and Conclusions--Foreign Air Carrier Permit Application**

We tentatively find and conclude that the public interest warrants granting the applicant an amended foreign air carrier permit, in the form attached as Appendix B and subject to the conditions attached.<sup>6</sup> In particular, we tentatively find and conclude that the factors which support our grant of exemption authority to the applicant, as discussed above, also warrant granting the applicant the amended foreign air carrier permit it seeks.

In view of the foregoing and all facts of record, and acting under authority assigned by the Department in its regulations, 14 CFR Part 385, we tentatively find and conclude that:

---

<sup>4</sup> See Orders 2007-6-19 and 2007-10-1, and Orders 2007-7-13 and 2007-10-16, where we granted this authority to British Airways Plc. and Virgin Atlantic Airways Ltd., respectively.

<sup>5</sup> The record indicates that Italy's Ministry of Economy and Finance holds 49.9 percent of the stock in the applicant, Air France owns 1.99 percent, and TT International, a U.K. entity, owns 2.37 percent. No other person holds more than three percent of Alitalia's shares.

<sup>6</sup> The applicant's request for an amended foreign air carrier permit was summarized in the Department's published weekly list of applications filed. This notice described the authority sought and gave interested persons an opportunity to submit evidence and objections to the award of this foreign air carrier permit authority.

1. It is in the public interest to issue the applicant an amended foreign air carrier permit in the form attached, effective March 30, 2008 (the date for provisional application of the U.S.-EU Agreement);
2. The applicant is fit, willing and able properly to perform the foreign air transportation described in the attached permit and to conform to the provisions of Title 49 of the U.S. Code, and to our rules, regulations, and requirements;
3. The applicant is substantially owned and effectively controlled by citizens of the Member States of the European Union, consistent with the provisions of the U.S.-EU Agreement;
4. The public interest requires that the exercise of the privileges granted by the permit should be subject to the terms, conditions, and limitations contained in the attached permit, and to such other reasonable terms, conditions, and limitations required by the public interest as we may prescribe;
5. The issuance of this foreign air carrier permit will not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975, as defined in 14 CFR §313.4(a)(1) of our regulations;<sup>7</sup>
6. The public interest does not require an oral evidentiary hearing on the application; and
7. Our action with respect to this foreign air carrier permit should, unless disapproved by the President of the United States under §41307 of Title 49 of the U.S. Code, become effective on the 61st day after its submission for §41307 review, or upon the date of receipt of advice from the President or his designee under Executive Order 12597 and implementing regulations that he or she does not intend to disapprove this portion of the Department's decision under that section, whichever occurs earlier.

In view of the above, and acting under authority assigned by the Department in its regulations, 14 CFR Part 385, we find that (1) our actions are consistent with Department policy; and (2) with respect to the exemption authority we are conferring on the applicants, the applicants are qualified to perform those operations; and that grant of the exemption authority is consistent with the public interest and would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975.

**ACCORDINGLY,**

1. We grant the request of Alitalia Linee Aeree Italiane S.p.A. for an exemption under 49 U.S.C. §40109 to permit it (1) effective on the issue date of this order, to accept payments, issue tickets, and enter into charter contracts, and (2) effective March 30, 2008, to commence flight operations, for the services set forth below:

---

<sup>7</sup> This finding is based on the fact that the grant of this permit will not result in a near-term net annual change in aircraft fuel consumption of 10 million gallons or more.

- a. foreign scheduled and charter air transportation of persons, property and mail from any point or points behind any Member State of the European Union, via any point or points in any Member State and via intermediate points to any point or points in the United States and beyond;
  - b. foreign scheduled and charter air transportation of persons, property and mail between any point or points in the United States and any point or points in any member of the European Common Aviation Area;
  - c. foreign scheduled and charter cargo air transportation between any point or points in the United States and any point or points;
  - d. other charters pursuant to the prior approval requirements set forth in 14 CFR Part 212 of the Department's regulations; and
  - e. transportation authorized by any additional route rights made available to European Community carriers in the future;
2. Alitalia Linee Aeree Italiane S.p.A. shall, before it commences any new service under subparagraph (e) of ordering paragraph 1 above, provide the Department, in Docket DOT-OST-2007-28728, with evidence that it holds a homeland license for that new service, unless it has already provided such evidence to the Department;
  3. The exercise of the privileges granted above is subject to compliance by Alitalia Linee Aeree Italiane S.p.A. with the conditions listed in Appendix A;
  4. Our action granting the exemption authority described herein subject to the provisions of ordering paragraph 1 above, is effective immediately, for a period of two years from the issue date of this order, or until the attached permit becomes effective, whichever is earlier;
  5. We may amend, modify, or revoke the exemption authority set forth herein at our discretion at any time and without hearing;
  6. To the extent not acted upon above, we dismiss all requests for relief in the referenced Docket (DOT-OST-2007-28728);
  7. With respect to the applicant's request for an amended foreign air carrier permit in this proceeding, we direct all interested persons to show cause why our tentative decision on that application, set forth above, should not be made final;
  8. Any interested person objecting to the issuance of an order making final our tentative findings and conclusions with respect to the applicant's request for a foreign air carrier permit shall, no later than twenty-one (21) calendar days after the date of service of this order, file with the Department and serve on the parties to this proceeding, a statement of objections specifying the part or parts of the tentative findings and conclusions objected to, together with a summary of testimony, statistical data, and concrete evidence to be relied upon in support of the objections; if objections are filed, answers to objections are due no later than seven (7) calendar days thereafter;

9. If timely and properly supported objections are filed, we will give further consideration to the matters and issues raised by the objections before we take further action;

10. In the event no objections are filed, all further procedural steps shall be deemed waived, and the Department will enter an order which will (subject to Presidential review under §41307 of Title 49 of the U.S. Code) make final our tentative findings and conclusions set forth in this order; and

11. We will serve a copy of this order on Alitalia Linee Aeree Italiane S.p.A., the Embassy of Italy in Washington, D.C., the Department of State, and the Federal Aviation Administration.
