**DISPOSITION**

Action: Approved in part (request for renewal of exemption in the Guadalajara-San Francisco, Morelia-San Francisco, and Cancun-Chicago markets), remainder (request for renewal of exemption in the Guadalajara-New York market) dismissed.<sup>2</sup>

Action date: February 11, 2015

Effective dates of authority granted: February 11, 2015, through February 11, 2016.

Basis for approval (bilateral agreement/reciprocity): United States-Mexico Air Transport Services Agreement.

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations of our standard exemption conditions (attached), and to the otherwise-applicable terms, conditions, and limitations of Aeromexico's foreign air carrier permit (Order 91-5-25).

**Action taken by: Paul L. Gretch, Director, Office of International Aviation**

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with

<sup>1</sup> Aeromexico notes that it expects its Guadalajara-New York operating designation to be withdrawn by the Government of Mexico and states that should withdrawal occur before the Department acts on the requested renewal, Aeromexico would accept dismissal of its request to renew its Guadalajara-New York authority.

<sup>2</sup> As indicated by Aeromexico above, the Government of Mexico has canceled Aeromexico's Guadalajara-New York operating designation. Therefore, we are dismissing the applicant's request for renewal of that portion of its authority.

Department policy; (2) the applicant was qualified to perform its proposed operations; (3) grant of the authority was consistent with the public interest; and (4) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Dockets. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
